GoMeeting – 15 seat	\$39.95/month	\$384	Save \$96
GoMeeting – 20 seat	\$49.95/month	\$480	Save \$120

### Why OneStream Networks?

The business world is fast becoming IP-centric, forcing organizations to evaluate their readiness to move to a single converged network. In the future, how well an organization achieves convergence will determine its profitability and potentially even its survival. At the same time, companies are faced with the delicate balancing act of managing the inevitable transition to converged IP while continuing to support their business.

The key to overcoming these challenges is the right partner. OneStream's flexible portfolio of connectivity and managed services is well suited to meet the unique needs of every organization. Furthermore, OneStream's deep IP expertise and proven convergence experience provide the insight and assistance to ensure success.

OneStream Networks can help you understand the benefits of convergence, assess the business challenges it represents and help you develop an effective, all-encompassing strategy to harness the power of convergence.
