

Simple Communications for Your Business

Avaya Cloud Office™ by RingCentral®

Make calls, take calls, message, email, conference and connect all in one solution.

One Number Does it All

Voice, FAX, texting and multimedia messages all come to your single number on any device in any location - easy to manage, easy to control, and easy to see at a glance.

Simple Calling:

It's still the best way to communicate, so we've made it easier to place, route, and manage your company's voice calls.

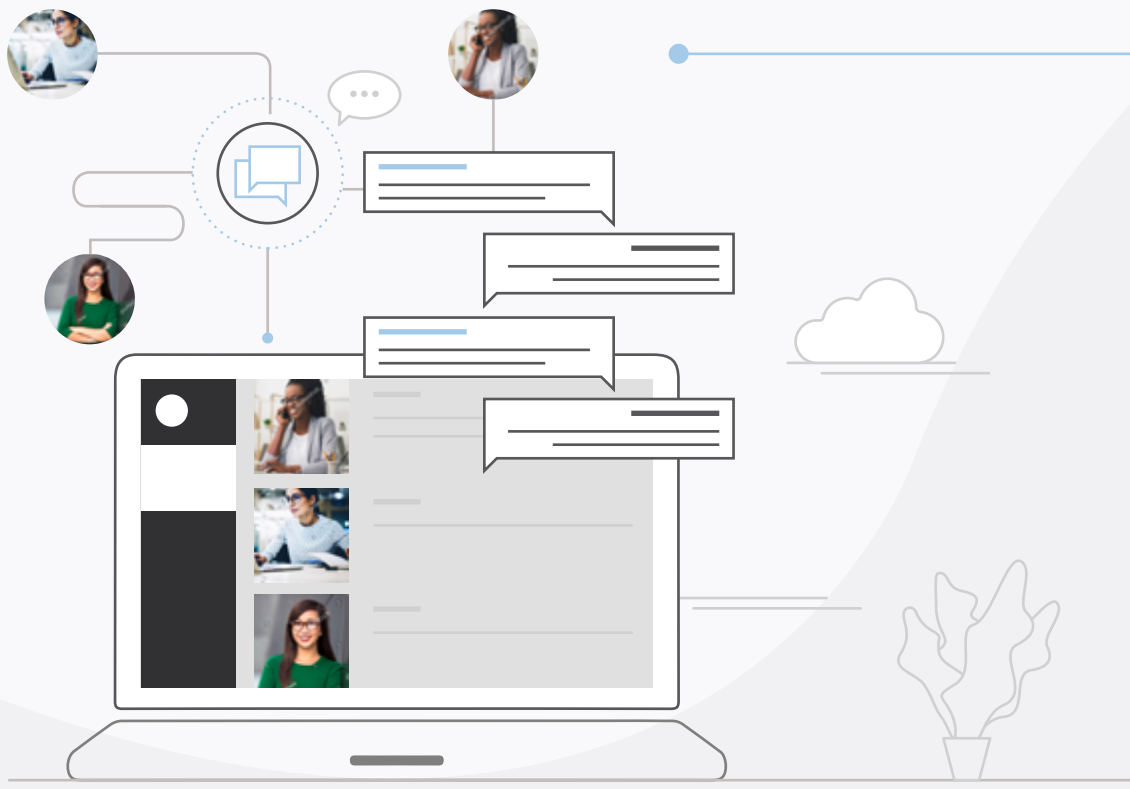

G 59% of customers prefer to call because they want a quick answer
- Google

Simple Chat and SMS:

Take multitasking to the next level. Have private or group chats and enjoy direct-to-phone SMS capabilities.

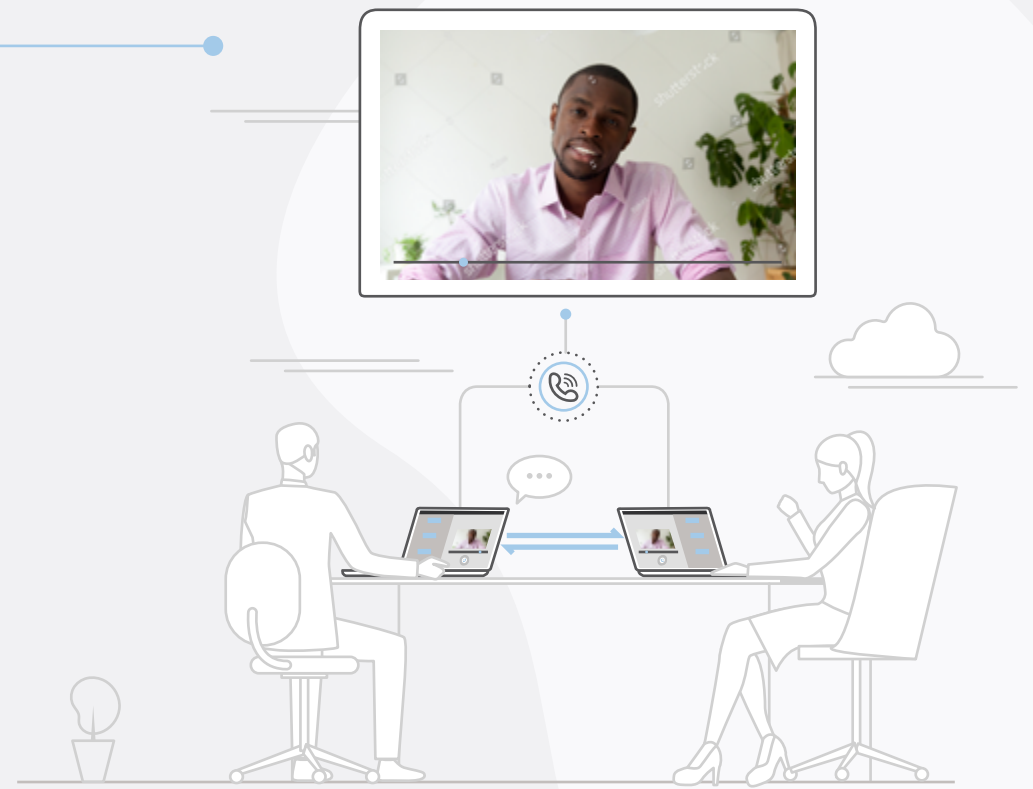

7,700% Increase in texts sent per month in the last decade
- Statistic Brain

Simple Collaboration:

Get everyone on the same page in a virtual meeting room with HD video, screen sharing, chat and everything you need to work together.

94% of businesses say video conferencing increases productivity
- Wainhouse Research

Simple Analytics:

Easy-to-use reporting lets you see how effectively your communications are working for your business.

30% Data-driven businesses are growing more than each year
- Forrester

Simple Integrations:

Choose from over 100 business apps right now, with more on the way. The tools you need to run your business.

129 In 2018, companies used an average of business apps each
- Okta, Inc

Packaged and priced so you can be up and running fast, Avaya Cloud Office gives your employees and customers the features and options they want, all in one app. Schedule a demo with Ronco, your local Avaya Distributor at www.ronco.net.
